III. Comments – Inspection Narrative

- Document the area of the permit inspected
- Discuss observations made during the inspection
- Document the results of any field tests taken
- Provide a summary of any discussions with industry representatives, along with results, and expectations from those discussions
- Describe any enforcement action taken during the inspection, along with facts or evidence supporting the enforcement action

This inspection of UEC Permit No. 123B found operations underway on a TCEQ required monitor well referred to as the Lagarto well #32201 by UEC. Photos 1-2 document these operations. No other drilling operation were underway on Permit No. 123B at the time of this inspection and site restorations complete thru out the project area.

Project Name: Weesatche
